## ***THE UNIVERSITY FOR LIFE***

At some moment it becomes hard to develop one's integrity to the highest levels. Almost all institutions that offer studies for Leadership fail to have you transcended the way intrinsically motivated individuals like you really want; these educational processes are too regular, too theoretical and too materialistic in their features. This program will help you transcend to higher levels.

For whom was this program especially developed ?

This program is meant for :

- 1) Members of Committees
- 2) Captains of Industry
- 3) (former) Politicians
- 4) Lectors/Professors
- 5) Top Influencers

Individuals who desire contributing to :

- 1) A Peaceful World
- 2) Human Equivalence
- 3) Sociable Sustainability

Individuals who feel unbalance concerning :

- 1) Meaning in Life
- 2) Conscience
- 3) Emotions
- 4) Integrity

..... and finally, you have the experience failing to find a pure, independent and autonomous Reflector who can really help you.

The power of this program is that you remain doing what you are doing in daily life concerning (mainly) your job. Since your strength is based on that environment your emotional necessity can be fulfilled best based on the influence you already have. With other words, stopping is useless to achieve your goals. The only change is that you will make better and more integer decisions afterwards that comply with the inner peace you have deep inside as a human being willing to establish this right now.

## ABOUT ME

The *Universe for Life* offers you a unique program. It will educate you all about the ultimate characteristic features being a leader. Pure and natural-born leaders like Mahatma Gandhi, Martin Luther King jr. and Nelson Mandela developed these qualities by using the whole Spectre of Intelligence. The ultimate result to become a real leader implies accomplishing your inner emotional dignity and feeling pure happiness after finding your purpose in life.

That is possible since the program is facilitated by me as one of the few extremely intuitive persons in the world, who has truly achieved this level of Altruism (described in my auto biography). I ever started when I was only 9 years old when I was struck by Altruism in some certain situation then. I only know human successes during educating children over 30 years. The secret of that success is listening to children instead of telling. Listening to children is the highest gift that grown up people can have.

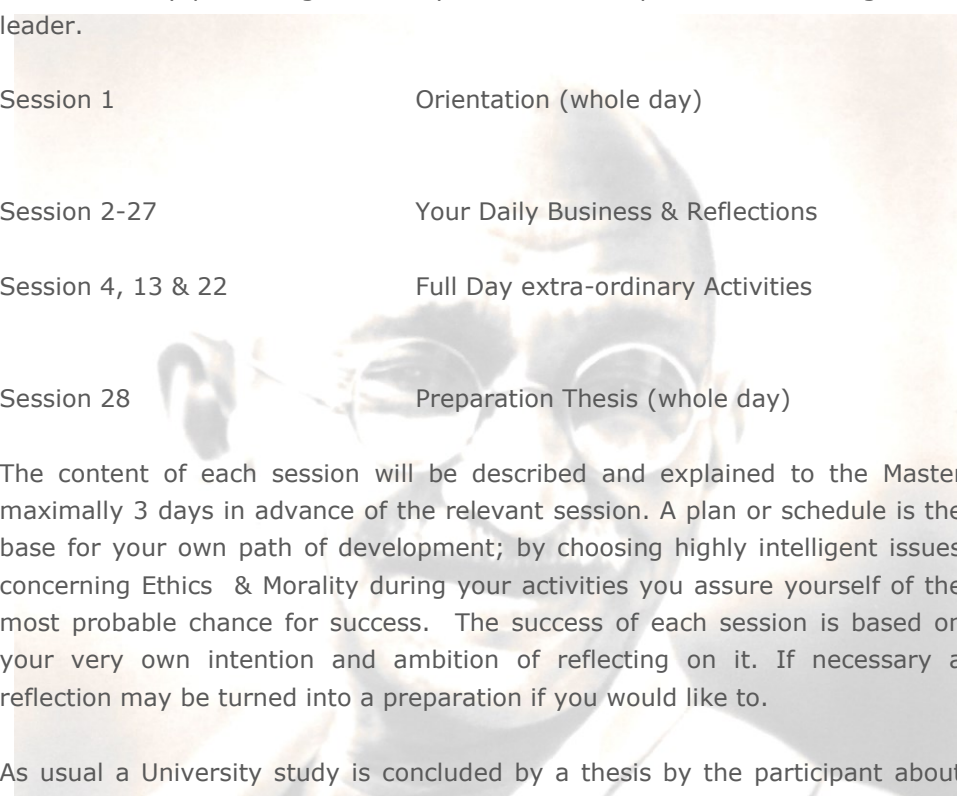

Daring to consider children being your guide in their own learning processes is the answer. This gift is the present of all children that most people fail to unwrap. That is what children taught me during all these years. They respected me since I always opened up for them by listening to them very sensitively and highly empathically. That's why and how I could become my own leader, so did these children.

Therefore this program will show you the real wealth our Universe has guaranteed for the well-being of all human beings, our flora and fauna. You can only respect this completely after you become a leader of firstly; yourself. The essence is that since you become a leader, you will comprehend that all is equivalent and all has a high-valuable meaning that deserves respect; always ! Then you start making this world a better place. When you decide to participate in this study then it will be all about your transcendence to the level of highest integrity.

All actions and decisions you make in an integer way afterwards - no matter what situation you get involved - implies that you have successfully accomplished your program for Leadership. Feel free to contact me with your questions or download the program. Remember; this is a very exclusive offer that is applicable for completely open mind individuals only, do you have the potential to become your own Master for Life ?

## PROGRAM "MASTER FOR LIFE" ~ 28 SESSIONS

The 28 sessions during the 9 months are related to your own daily business activities. These sessions exist of 1 day part of your own activities with the presence of your guide as an silent observer and the successive day part exists of reflection and learning. This implies that your Master is accompanying you 2 successive day parts to guarantee your own development in becoming a true leader.

Session 1	Orientation (whole day)
Session 2-27	Your Daily Business & Reflections
Session 4, 13 & 22	Full Day extra-ordinary Activities
Session 28	Preparation Thesis (whole day)

The content of each session will be described and explained to the Master maximally 3 days in advance of the relevant session. A plan or schedule is the base for your own path of development; by choosing highly intelligent issues concerning Ethics & Morality during your activities you assure yourself of the most probable chance for success. The success of each session is based on your very own intention and ambition of reflecting on it. If necessary a reflection may be turned into a preparation if you would like to.

As usual a University study is concluded by a thesis by the participant about "*modern Leadership & Morality*". This thesis comprises the own process of learning, the reflections of it and an elaboration of the theme of this study: '*Leadership*'. If successful the participant has proved to him/herself that (s)he is a fully qualified and integer future leader the world needs desperately now.
